Foreword

The *Kansas County Profile Report* is published annually by the Institute for Policy & Social Research (IPSR) at the University of Kansas with support from KU Entrepreneurship Works for Kansas.* Special thanks to Xanthippe Wedel, information specialist with IPSR at the University of Kansas, who compiles and updates the county profiles.

County reports can be generated for any county in Kansas by simply clicking on the county from the web site:

<http://www.ipsr.ku.edu/ksdata/kcced/profiles/>

Although a hard copy of the report is no longer available for purchase, please feel free to print your own copy or copies. By publishing the report in this format, IPSR has made this collection of statistics available for free to users around the world.

Users may access the document as frequently as needed, print single pages, sections, or the entire report, or download the file directly to a computer or disk for fast and convenient access.

The *Kansas County Profile Report* contains 12 categories of information: Population, Vital Statistics and Health, Housing, Education, Social Environment, Business, Employment, Income, Banking, Government, Crime, and Agriculture. For more information about Kansas, please refer to the *Kansas Statistical Abstract*, available online at <http://www.ipsr.ku.edu/ksdata/ksah/>.

We are always looking for ways to improve the *Kansas County Profile Report* and we welcome your suggestions and comments. Please address any correspondence to the Institute for Policy & Social Research, The University of Kansas, 607 Blake Hall, 1541 Lilac Lane, Lawrence, Kansas 66044-3177, e-mail ipsr@ku.edu or call 785-864-3701.

**KU Entrepreneurship Works for Kansas is a joint project by the KU Center for Entrepreneurship in the School of Business and the Institute for Policy & Social Research at the University of Kansas. This project is supported by the Economic Development Administration, U. S. Department of Commerce, through its University Centers Program.*

The mission of EDA is to lead the federal economic development agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy.

U.S. Bureau of Economic Analysis, Regional Economic Information System (REIS)

County: county value. Kansas: state value. County Rank: highest county value ranked #1. (\$000): thousands of dollars. Nonmetro Kansas: Kansas total less Metropolitan Areas as defined by the Office of Management and Budget (OMB; released 2/18/2004). Per 1000: For non-money amounts, Per 1000=(County value / County population for the same year as the data) x 1000. \$PerCapita: (computed in dollars= (county value / county population for the same year as the data). Note: Value = . means missing or suppressed data or value not calculated. Prior to 2001 Bureau of Economic Analysis data were released using the Standard Industry Classification (SIC) system. Beginning in 2001 these data were released using the North American Industry Classification System (NAICS), therefore any comparison to prior years is unavailable. For more information on these classification systems, please refer to <http://www.census.gov>.
